	CONFIDE	
25X1 25X1	billeting area of the radio unit. On 2h October: the arrival of officers, who attended the regular Wednesday briefing given by Arry General Churkov. About 70 to 80 sedans and jeeps were parked in a patch of woods at the intersection of August Bebol. Strasse and Jacquersteig during the period of the briefing. The vehicles for the first time included three sedans of the German Volkspolized. The conversion of 18 villas into quarters was allegedly to be completed by 15 November.	25X1
	A column of trucks and 12 caterpillar tractors, towing 155-mm field guas, was seen moving from the Delius Kaserne, Fotsdam, toward Schloss kindstaedt (castle) via Bornstedt at 10:30 a.m. on 15 October. Each truck carried 25 soldiers, who were equipped with carbines of submachine guas, radio sets and aiming circles. Each caterpillar tractor carried 1 driver and 1 officer.	• .
